His hair's golden fire
This could be a very long day

I never knew that we would rust rust rust rust

Feelings that I never found
My fake friends are gone

Dangerous Friends

You Can't Trust Volcanoes

VERSE 1

| Dm E | Am C |

Sometimes I feel
Like I'm struck by lightning
getting so far
Like I'm becoming a star

Sometimes I hear
The thunder is frightening
Giving me shocks
Like the ticking of clocks

CHORUS

| Dm | E | Am | C |

Playing the chorus
With dangerous friends
Opposite kinds
Feeling so high in the sky
As we do this tonight

VERSE 2

| Dm E | Am C |

Sometimes I see
The fire and ice
Sometimes I shout

What is this all about?!

Sometimes I smell
The bitter of poison
Making me numb
Keeping me young

CHORUS

|Dm |E |Am |C |
Playing the chorus
With dangerous friends
Opposite kinds
Feeling so high in the sky
As we do this tonight

BRIDGE

|Dm E|Am C|
We are opposites
It might give you a shock cause it's
Not supposed to be
That we're together. X2 (second time with verse
chords)

CHORUS

|Dm |E |Am |C |
Playing the chorus
With dangerous friends
Opposite kinds
Feeling so high in the sky
As we do this tonight

SPRING

You Can't Trust Volcanoes

VERSE:

|E |E |B7 |B7 |D |D |
Spring is in the air
Flowers everywhere
Seeds are sprouting
Winter vibes re-routing
Ice cream trucks pull up
Cone or in a cup
Living my best life
Riding on my bike

CHORUS:

|E |E |B7 |B7 |D |D |
Spring is here to stay
Winter has gone away
School is coming to an end
Get outside, hang with your friends

VERSE:

|E |E |B7 |B7 |D |D |
Spring is in the air
Flowers in my hair
Sweater weather
We are all together
Winter went so fast

Maybe spring will last
Living my best life
Riding on my bike

Bridge:

|E |E |C |C |E |E |G |G |
Just because we can't go outside
We can still have a fun time
Just because we can't go outside
We can still have a fun time
Just because we can't go outside
We can still have a fun time

Winter has gone away
School is coming to an end
Get outside, hang with your friends
